May 18, 2015 – 10:00 – 10:30 AM

Translating a Passion for the Arts into a Career Path

Why are the arts important? What are some different routes I could take to explore my creative abilities? Are there creative careers out there that I haven't even heard of? What could I be doing now to prepare myself? These questions, and many more will be the topic of this webinar as professionals from all over the state in the music, dance, acting, gaming, design, and science industries discuss how the arts have impacted their lives and careers.

Host
Marko Suvadzic
Professor at UF's
Digital Worlds
Institute

May 19, 2015 – 10:00 – 10:30 AM

Creative Careers in the Gaming Industry

Are you interested in entering the video games industry? Do you want to learn more about roles and responsibilities of various contributors like level designers, programmers, game testers, etc.? This webinar will present a cross view of the careers in the video game industry. Topics of discussion will include: various professional roles, salary averages, the geography of where to study and work, and a review of the skills necessary to enter the industry.
